

AUNG MYINT THEIN

CIVIL ENGINEER

My Portfolio Website

<http://52.192.88.91/>

Highly organized. Highly organized. Civil Engineer with extensive experience across BIM/CIM, Urban Digital Twins, Smart City technology, and construction management. Self-motivated team leader able to bridge complex AEC(Architecture, Engineering, Construction) data with real-time simulation environments. Delicate with a positive attitude. Self-motivated. Independent and able to solve problem. Multi-disciplinary team and as a good team player. Able to establish and maintain smooth working relationship with people.

EDUCATION

Bachelor of Engineering (Civil Engineering) Technological University
(Kyaukse_MYANMAR) <https://www.kyaukseu.edu.mm/>

Dec 2017 - Feb 2019

Bachelor of Technology (Civil Engineering) Technological University
(Kyaukse_MYANMAR) <https://www.kyaukseu.edu.mm/>

Dec 2014 - Aug 2016

WORK EXPERIENCE

BIM/CIM, Urban Development Digital Twin Engineer(Technical Leader)

VACS Co.,Ltd. <https://vacs.co.jp>

Feb 2022 - JUN 2026

Fukuoka Japan

-Leading technical research for Urban Digital Twins & Smart City by establishing automated pipelines that transform static BIM data into interactive, real-time simulations within Unreal Engine.

-I specialize in harmonizing BIM/CIM workflows with real-time simulation, researching emerging technologies to automate interoperability and create high-precision, data-driven Digital Twins for global&Japan urban projects.

-As a Technology Research Leader, I architect scalable R&D(Research&Development) pipelines that bridge the gap between complex AEC(Architecture, Engineering, Construction) data and Unreal Engine 5, driving the technical roadmap for next-generation Urban Digital Twins in international development.

Construction Management Engineer

RYOWA Co.,Ltd. <https://ryowa-nc.com>

Dec 2019 -Dec 2021

Osaka Japan

-Daily Report with kokuban (black board) on site situation

-Checking on site designs and drawings for timber&steel construction

-Ensuring that all assigned work is completed on time from schedule

-Making Site Schedule

Site Engineer

MaHarYeMon.Co.,Ltd.

March 2018 -Dec 2018

Mandalay Myanmar

-Checking of detailed designs and drawings for post tension technology.

-Ensuring that all assigned work is completed on time.

-Gained experience in drawings reading, as well as preparation of site drawings.

Roadway Engineer

Global Grand Group. Co.,Ltd. High Grade Road Division

Aug 2016 -Dec 2016

Yangon Myanmar

-Report and document tracking, project documentation, assisted civil engineers on several key government project involving roadway designs and improvements.

-Assists in development of roadway geometrics , pavement design , and preparation of quantities.

Site Engineer

Kyaw Gabar Construction. Co.,Ltd.

Sep 2012 -Spe 2014

Mandalay Myanmar

-Site inspection for civil construction work.

-Assists with other duties assigned by project engineers.

CONTACTS

Phone - 080-4022-1710

Email - aungmyintthein9593@gmail.com

Address - Japan,Tokyo,Itabashiku,Takashimadaira2-28-2,
TakashimadairaDanchi 427 room

English (Business Communication) Japanese (N 2 above)

Burmese (Native)

TECHNICAL SKILLS and OTHER QUALIFICATIONS

- Google AI Essentials <Google> (2025)
- AWS AI Practitioner Certification Prep <Learnkarts> (2025)
- Python for Data Analysis Pandas & NumPy <Coursera> (2025)
- ChatGPT for Web Design - Create Amazing Websites <packt> (2025)
- Foundations of Project Management <Google> (2025)
- Introduction to C++ Programming and Unreal Engine <University of Colorado> (2025)
- Unreal Engine Fundamentals <Epic> (2025)
- Unreal Engine 5 - Environment Design <packt> (2024)
- Mastering Digital Twins <28DGTL> (2024)
- BIM-03Coordination& Collaboration <Autodesk Authorized Certificate YOI Knowledge Center BIM Light SG Myanmar> (2020)
- Professional Diploma in Construction Project Management<(City of Oxford College, UK) course Conducted by Myanmar International Business Academy> (2019)
- Refresher Course for Construction Engineers, Quantity Survey -Q.S (2018)
- BIM Modeling Revit 01,02 <Architecture & Structure Department of Civil Engineering Technological University kyaukse> (2018)
- Structural Analysis and Design of Building Structures by Using ETABS & SAFE Software (Basics) (2018)
- Microsoft Project, Microsoft Word, Excel, Documents
- Unreal Engine 5
- Twinmotion
- D5 Render
- Blender
- Houdini
- Navisworks
- Wing Earth
- Revit
- Google Sketchup
- Enscape
- Auto CAD
