Introduction to AI and
Machine Learning

AWS Tools and Services for
AI

Responsible AI with AWS
Security and Governance

Nov 12, 2025

AUNG MYINT THEIN

has successfully completed the online Specialization

AWS AI Practitioner Certification Prep

This certifies that the learner has successfully completed the AWS AI Practitioner Specialization, demonstrating foundational knowledge and practical skills in Artificial Intelligence (AI) and Machine Learning (ML) using Amazon Web Services (AWS). The learner has demonstrated foundational knowledge of AI concepts, generative AI, foundation models, responsible AI practices, and AI security and gained hands-on experience with key AWS AI services including Amazon SageMaker, Rekognition, Lex, Polly, Translate, Textract, Guardrail, Comprehend and Augmented AI (A2I). This achievement reflects the learner's ability to understand, design, and support basic AI-driven solutions in cloud environments, marking an important step toward a career in AI and cloud technologies.
